

## AB104 Adult Education Block Grant - Three-Year Consortia Plan Update from AB86 Final Plan

### Section 1: Consortium Information

**1.1 Consortium Planning Grant Number:**

15-328-004

**1.2 Consortium Name:**

Butte Glenn Adult Ed Consortium

**1.3 Primary Contact Name:**

Tessa Miley

**1.4 Primary Contact Email:**

mileyte@butte.edu

### Section 2: Three-Year Plan Summary

AB86 Final Plan adapted to AB104 requirements

**2.1 Provide an Executive Summary of your consortium's AB86/104 Plan vision and goals (updated as appropriate). You can attach your summary or enter it below. Please see the Guidance document for attachment instructions.**

The Butte-Glenn Adult Ed Consortium plans to increase the number of programs for adults in elementary and secondary basic skills, citizenship, ESL and short term CTE. The Consortium recognizes employment, training, and certification opportunities for adults, including older adults and adults with disabilities, need to be increased. The Butte-Glenn region currently does not offer any state approved apprenticeship or pre-apprenticeship programs for adults. Various agencies within the region are currently applying for grant funds to increase pre-apprenticeship opportunities. Programs for adults that are primarily designed to develop knowledge and skills to assist elementary and secondary school children may be offered at a level appropriate to meet local need.

An increase in infrastructure, staffing and facilities will allow current Adult Education providers the ability to reach more adults in need of services in these areas and provide more general education preparation courses leading to college and career readiness.

During year one the consortium will develop a student facing one-stop digital hub that will host all adult ed opportunities within the region for all program areas.

**2.2 Provide updates and changes to your submitted AB 86 Final Plan regarding Objectives 1 and 2. It is not necessary to reiterate or attach these sections from your AB86 Final Plan to this document. You can attach your description or enter it below. Please see the Guidance document for attachment instructions.**

**NOTE: The updates shall include data and changes regarding the seven program areas in AB104 (five of which were in AB86):**

1. Programs in elementary and secondary skills, including those leading to a high school diploma or high school equivalency certificate.
2. Programs for immigrants in citizenship, ESL, and workforce preparation.
3. Programs for adults, including, but not limited to, older adults, that are primarily related to entry or reentry into the workforce.
4. Programs for adults, including, but not limited to, older adults, that are primarily designed to develop knowledge and skills to assist elementary and secondary school children to succeed academically in school.
5. Programs for adult with disabilities.
6. Programs in career technical education that are short term in nature with high employment potential.
7. Programs offering pre-apprenticeship training conducted in coordination with one or more apprenticeship programs approved by the Division of Apprenticeship Standards.

**2.2a Objective #1:** An updated evaluation of *current levels and types of adult education programs* within its region, including education for adults in correctional facilities; credit, noncredit, and enhanced noncredit adult education coursework; and programs funded through Title II of the federal Workforce Investment Act, known as the Adult Education and Family Literacy Act (Public Law 05-220).

Describe any changes regarding the services and programs the consortium members and partners are currently providing in the consortium's region and provide a narrative evaluation of adequacy and quality. Please note that community college district members are requested to provide data separately for credit basic skills, enhanced noncredit, and/or regular noncredit, as applicable.

**No changes have occurred to the current levels and types of adult education programs within our region since original plan was submitted.**

**2.2b Objective #2:** An updated evaluation of *current needs* for adult education programs within the consortium's region. Describe and assess current needs for each of the AB86 adult education program areas (1-5), including the needs that are currently unmet. This might be

informed by regional data including, but not limited to, student wait lists for classes in the program areas addressed in AB86; school districts' K-12 English Learner statistics; the number of children who qualify for free or reduced lunch; adults who do not have a high school diploma; and other relevant data. Additionally, consider needs in your region documented in state sources that informed the AB86 awards, which were calculated based on community college district boundaries (<http://cccgis.org/CCCDistrictBoundaries/tabid/626/Default.aspx>).

This should provide an updated overview (if applicable) of the consortium's region including:

- Analysis/description of local regional economy
- Additional analysis utilizing other data

**No change**

**2.3 Briefly describe what your regional consortium system will look like by the end of the 2017-18 program year in the areas listed below. NOTE: Responses to items 2.3a, b, c, d and e are required as part of adapting the AB86 Plans to AB104 requirements. The remaining items are optional and are offered to provide updates, if applicable.**

**2.3a** Placement of adults (including but not limited to older adults) seeking education and workforce services. (REQUIRED)

**Adults seeking education and workforce services will be able to easily search for available services through a centralized hub (physical and electronic) that describes, connects, and aligns education and workforce services available in Butte and Glenn counties. Adults will be counseled, assessed, and placed/referred in a program/course according to interest, education, and skill level.**

**2.3b** Programs offering pre-apprenticeship training conducted in coordination with one or more apprenticeship programs approved by the Division of Apprenticeship Standards. (REQUIRED)

**There are no pre-apprenticeship training programs for adults conducted in coordination with one or more apprenticeship programs approved by the Division of Apprenticeship Standards in our two-county service region. Butte College is currently writing an application for a pre-apprenticeship program in construction. Butte County Office of Education is currently writing an application for a pre-apprenticeship in electrician services. Other members will have the opportunity to research the need for additional pre-apprenticeship programs in our region and apply for regional funds or seek outside funding to implement programs.**

**2.3c** Programs for adults (including but not limited to older adults) that are primarily designed to develop knowledge and skills to assist elementary and secondary school children to succeed academically in school. (REQUIRED)

**Programs for adults that are primarily designed to develop knowledge and skills to assist elementary and secondary school children may be offered at a level appropriate to meet local need. Currently, the Glenn County Office of Education offers NCLB Paraprofessional Certification at both CTEC facilities. Additionally, Glenn County Office of Education offers parenting courses in English and Spanish that address the needs of parents who hope to assist their children in school. Regional members and partners may apply for consortium funds to implement or expand programs for adults who want to assist elementary and secondary school children based on labor market needs in the two-county area.**

**2.3d Collection and availability of data. (REQUIRED)**

**Spreadsheets will be used to display data that are collected from each member site.**

**2.3e Qualifications of instructors (including common standards across entities). (REQUIRED)**

**Given the varied credentialing requirements amongst educational institutions, instructional staff will be appropriately credentialed or meet the minimum qualifications for the specific subject area/training program and educational entity.**

**2.3f Alignment of academic content and curricula (OPTIONAL)**

**When possible, our goal will be to articulate similar courses between educational entities.**

**2.3g Alignment of educational services supported by this grant. (OPTIONAL)**

**N/A**

Section 3: Consortium Member Signature Block

Name:

Jhann Dunn

Consortia Member:

Glenn County Office of Education

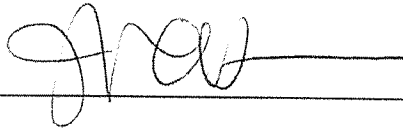

Email:

jdunn@glenncoe.org

Date:
